**PROMINENT WOMEN KILLED**... Collision of two cars head-on eight miles north of Austin on U. S. 218 brought death to Mrs. Warren Plunkett, wife of the district judge, and his mother, Mrs. Hugh V. Plunkett, and the driver of the other car, Lloyd Meier, 50, Hormel plant worker. (AP Photofax)

## Judge Plunkett's Family Hit

# Three From Austin Killed in Collision

AUSTIN, Minn. (AP) — A head-on car collision north of here Thursday claimed three lives, including two members of a family of a well known Austin attorney. Killed at the scene of the accident were Mrs. Eleanor Plunkett, 42, wife of District Judge Warren F. Plunkett, and Mrs. Hugh V. Plunkett, 63, the judge's mother. Lloyd H. Meier, 50, Austin, alone in the second car involved in the collision, died about midnight in an Austin hospital. The women were returning to Austin after taking Judge Plunkett to the Twin Cities to board a plane for Chicago, when the accident occurred on Highway 218 about eight miles north of Austin. Mrs. Hugh Plunkett was the wife of a prominent attorney, associated in a law firm with two sons, Hugh Jr. and Roger. Another son, Richard, is an attorney at Rochester.

## Shrimpers Tell Of Red Attack

By CHRIS MACGILL  
KEY WEST, Fla. (AP) — A plane dipped low over a leaking, disabled American shrimp boat and its two-man crew thought help had come at last. Moments later, as the fishermen waved frantically for assistance, the pilot opened fire. "We thought it was an ordinary plane," said Benjamin Washington, 27, still sounding incredulous nearly 24 hours after the incident.

## Soviet Defense Chief Rattles Sword for U.S.

MOSCOW (AP) — Defense Minister Rodion Malinovsky warned the United States today that an attack against Cuba would mean a third world war. He said the Soviet Union will be in the first ranks of those who come to Cuba's aid. Malinovsky spoke at a Kremlin meeting marking the 45th anniversary of the Soviet armed forces. Seated near him was Premier Khrushchev, making a rare appearance in uniform. He wore the uniform of a lieutenant general with several rows of decorations on his chest. The uniform was pale blue with gold shoulder boards and wide gold stripes down the sides of his trousers. "Touching on a recent speech by his American opposite number, Defense Secretary Robert S. McNamara, Malinovsky said: "I maintain emphatically that in retaliation to the 344 missiles with which Mr. McNamara is threatening us, we shall deal a simultaneous blow of several times more missiles and such a tremendous nuclear yield that it will wipe off the earth all targets, industrial and administrative-political centers of the United States, will destroy completely the countries which have made available their territories for American war bases."

## Badger Solons Plan Recess Last 2 Weeks in March

MADISON, Wis. (AP) — The Legislature will recess the last two weeks in March so the Joint Finance Committee can tackle Gov. John W. Reynolds' \$609.9 million budget, according to Republican leaders. Similar suggestions have cropped up in past sessions but have never been carried out. Many legislators refuse to serve on the Finance Committee because it calls for long hours of work on top of a full schedule of other legislative duties. Frequently, the committee has found it difficult to maintain a quorum because members are busy elsewhere.

# Severe Cold Moves Into Eastern U.S.

By THE ASSOCIATED PRESS  
Winter's latest siege of severe cold weather held a tight grip across most of the eastern two-thirds of the nation today, with no immediate general break in sight. The unseasonable cold covered most of the Southeast, excluding Florida, and rumbled wide areas from the Rockies to New England. Temperatures ranged from 33 below zero in Michigan to slightly below zero in Kentucky as the arctic air spread from the winter-weary Midwest eastward and deep into Dixie.

There was some hope of slight moderation in the icy Midwest but no immediate relief was indicated in the southeast and northeast sections of the country. Temperatures were near or above normal in the western third of the nation. The mercury plunged to 33 below zero in Pellston, Mich., one of the nation's lowest marks. In the Northeast, the 23 in Old Town, Maine, was the coldest spot. But below zero readings were reported in many sections of New England and upstate New York. The subzero line extended along

## State Recount Trial Will Begin Monday

By ADOLPH JOHNSON  
ST. PAUL (AP) — A trial without precedent in the history of Minnesota opens in the courthouse here Monday — a trial which will help determine who was elected governor of Minnesota in November.

The trial will be conducted by three judges appointed by the Supreme Court, District Judge J. H. Sylvester of Crookston is presiding. He will be flanked on the bench by District Judges Sidney E. Kaner of Duluth and Leonard Keyes of St. Paul.

The three judges will listen to arguments and pass upon disputed ballots — between 1,500 and 2,000 of them — culled from 96,000 challenged by inspectors in recount proceedings started by former Lt. Gov. Karl Rolvaag, the DFL candidate.

Rolvaag petitioned for the recount after the state canvassing board declared GOP Gov. Elmer L. Andersen the victor by 142 votes. The recount, pending a decision on disputed ballots, has given Rolvaag a lead of 133.

The recount proceedings is the first statewide recount to reach the trial stage.

The trial opening Monday will only help decide the issue. Before final decision can be made, the three-judge court also must rule on DFL charges of irregularities in the conduct of the election in four communities and resolve questions about some 200 possibly partially defective ballots. The election irregularities charges affect about 150 ballots.

The court also may be asked, if Rolvaag elects to push this phase and the court will entertain it, to rule on admissibility of about 7,000 absentee envelopes.

C. L. Nelson of New Prague, heads the Rolvaag legal staff and Richard Kyle of St. Paul is head of the group of lawyers handling the Andersen case.

The 96,000 challenged ballots first were reduced to 22,000 by screening teams made up of lawyers representing both sides, then further cut to 3,883 by top attorneys for both parties.

By trial time this number is to be reduced to between 1,500 and 2,000 in the light of the Minnesota Supreme Court decision in the Fitzgerald — Morlock case. This decision tended to give liberal construction to interpreting the wishes of the voter.

Other ballots originally in the disputed group have been counted for one candidate or the other by agreement between attorneys. The rest have been divided in 24 classes.

These will be presented, class by class, and in many cases, ballot by ballot, to the three judges with arguments for and against their inclusion in the final count.

## Take It or Leave It, Russ Say on Tests

GENEVA (AP) — The Soviet Union held fast today to its "take it or leave it" offer of three on-site inspections per year and moved to block direct negotiations on a nuclear test ban at this time.

Soviet Deputy Foreign Minister Vasily V. Kuznetsov accused the United States of bad faith by suggesting two to four on-site inspections per year and then reneging on this offer.

The American and British delegates at the 17-nation disarmament conference have denied repeatedly that any such offer was ever made by the Western side. Kuznetsov brushed aside the American offer earlier this week to negotiate the number of on-site inspections if the discussions were broadened to include the entire control arrangements.

This would sidetrack the conference into secondary issues, Kuznetsov declared.

# Attack on U.S. Ships To Draw Return Fire

By FRED S. HOFFMAN  
WASHINGTON (AP) — President Kennedy has laid down an unmistakable warning that U.S. firepower will blast any Cuban-based warships or planes that dare attack American vessels or aircraft. But Kennedy indicated Thursday that, for the time being at least, American jet fighters and Navy craft will be restrained from chasing attackers back to Cuba to punish them.

If Wednesday's MIG strafing of a wallowing shrimp boat develops into a pattern of attacks, the President may then give the signal for "hot pursuit."

Several hours after Kennedy uttered the warning at a news conference, the Cuban government "rejected and denied categorically" the charge that its jets poured rocket fire near the disabled shrimp boat Ala in the Florida Straits Wednesday afternoon.

And Prime Minister Fidel Castro was expected to have something to say about it in a televised address tonight.

Once before, when a U2 was shot down at the peak of the Cuban crisis last fall, a stern U.S. warning apparently deterred any more anti-aircraft missile firings against the United States. Kennedy said he saw no reason to change his view.

Kennedy said he had instructed the Pentagon to make "any necessary revisions in standing orders so as to insure that action will be taken against any vessel or aircraft" which strikes at an American ship or plane over Caribbean international waters.

He didn't elaborate, and defense officials refused to discuss either the standing orders or the changes.

But competent sources said it was quite clear the President is broadening the present rules under which U.S. fighter planes and Navy vessels are empowered to open fire on approaching aircraft or warships if they appear bent on attacking U.S. territory.

Furthermore, these sources said, the President's orders probably will result in placing more fast jets on strip alert, ready to take off.

Navy and Marine Phantom jets are poised at all times at the Key West Naval Air Station, 90 miles across the Florida Straits from Cuba's north coast. At Homestead Air Force Base south of Miami, Air Force F104 jets also are on alert.

The Navy operates combat air patrols in the sensitive area between the Florida Keys and Cuba. Jet fighters fly with weapons cocked. There now may be more such patrols. Powerful radar scans the Cuban coast constantly.

Asked at his news conference if an assault similar to the one on the shrimp boat might have been responsible for the disappearance earlier this month of the U.S. tanker Sulphur Queen, Kennedy said he had no information indicating this.

"But certainly we would examine it," he said.

The Sulphur Queen disappeared with 39 crewmen aboard.

There is much the United States is not sure of—and may never know—about the attack on the shrimp boat.

"I don't think we know the full reasons behind this attack on this vessel, whether it was a deliberate decision by the Cuban government or a decision by the pilots involved," Kennedy said.

He noted that the 67-foot boat was lying in the water without flying any flag.

Souvenir Shell Kills Wisconsin Lad, Burns Home

BEAVER DAM, Wis. (AP) — A military mortar shell, kept as a souvenir, exploded in the hands of a youth Thursday night, killing him and starting a fire that destroyed his home.

The victim was Ricky Dunham, about 15 years old, and one of 10 children of Mr. and Mrs. Robert Dunham.

Fire Chief Horne Kroll said the other children were on the first and second floors of the home when the blast occurred. They were not hurt and escaped before flames engulfed the building.

Kroll said fragments of the shell ripped into the main gas pipe leading into the house and tore open cans of paint and varnish which fed the explosion and fire.

The quake struck just after sundown Thursday over a 20-square-mile area of World War II battle-ground.

Most of the casualties apparently came in the first shock Thursday afternoon. Two more quakes struck this morning as rescue work was in full swing.

Hospitals in Al Marj (Baree) and Benghazi, 55 miles to the southwest, were filled with the injured.

## Jobless Claims Up Sharply; Building Off

Winona County unemployment compensation claims jumped to 915 in mid-January, an increase of 409 or 80.8 percent over the mid-December total of 506. Ray H. Brown, local manager, State Employment Service, reported.  
The January 1963 total was eight higher than the January 1962 total of 907. In the Winona-Houston-Wabasha county area, claims totaled 641 in December 1962, 1,207 in January 1963 and 1,153 in January 1962.

**BENEFITS PAID** in the three counties were \$98,082 in January 1963 compared with \$94,713 in January 1962.  
Houston County had the sharp jump in benefit payments — \$23,478 in January 1963 compared with \$15,022 the previous January. Winona County payments declined — \$69,608 in January 1963 compared with \$74,326 the previous January. Wabasha County payments were lower — \$4,996 compared with \$5,355.  
"The high employment levels of late 1962 had dropped claims to almost a trickle," Brown said of the period preceding the sharp rise in claims. "Ridings through the summer and fall months were at near record lows and the lowest point of the year was hit in late September when fewer than 200 persons were actively claiming benefits throughout the entire three county area served by the Winona office."

"THE USUAL seasonal build-up during November and December was slow. It was not until the extreme cold weather of early January hit that the outdoor activities that flurries started pushing upward. At mid-January 1,207 persons were in claim status. This was almost a sixfold climb from the September low point. The January total of 1,207 claims was a little higher than the January figure a year ago and in dollars and cents payments were up by about \$4,000 for the month.  
"Strongest claim increases seemed to come from the outlying areas, especially those where construction accounted for the heavier employment. In Winona County, because of continued good employment levels in the city of Winona, benefit payments were \$5,000 lower than last year. The Wabasha County total was very close to that of a year ago."

"The big area where claims filed in 1963 were up and payments jumped by \$4,400 for the month as compared to last year. Heavy layoffs by road contractors of the Houston County area because of extremely cold weather and temporary production slowdowns by a large manufacturing firm of that area accounted for much of the increase."

"Claim levels are expected to continue high throughout February and March and will not show any substantial drop until weather permits resumption of construction."  
The following report (as of the 15th of the months shown) lists unemployment claims (UC), claims by veterans and federal workers (UCX-Fed.) and claims by area residents who worked out of state:

## Woman Found In Cold Dies

**MINNEAPOLIS (AP)** — A woman found badly frozen on the sidewalk in front of the Basilica of St. Mary Thursday died minutes after she was admitted to a hospital.  
Police identified her as Helen L. Beach, Minneapolis. An open purse 10 feet from her body led police to believe she may have been knocked unconscious by an assailant who tried to snatch her purse. There were indications she had attempted to crawl into the warmth of the Basilica, but did not have the strength.  
The temperature was down to 18 below.

## Minneapolis Man Killed by Train

**MINNEAPOLIS (AP)** — John L. Samels, 34, university area barber, was killed Thursday when his car was struck by a Great Northern freight train on a suburban Brooklyn Park crossing.

Nearly 30 Floridians professionally interested in alcoholism attended special alcoholism schools in 1962 on scholarships sponsored by the Florida Alcoholic Rehabilitation Program.

## Explosion Cuts Gas in Bemidji

**BEMIDJI, Minn. (AP)** — Gas service was due to be restored today to 85 homes and business places shut off when an explosion ripped through the Bemidji Gas Co. equipment building Thursday. Two workmen in the building were treated for burns and released.

## Median Teacher Salary Here Third Highest

The median salary paid Winona's classroom teachers is third highest in Minnesota, a survey by the research service of the Minnesota Education Association indicates.

The survey report for the 1962-63 school year shows that the Winona median of \$7,333 is topped only by Austin with \$7,444 and Ely, \$7,311.

Winona and Ely teachers work a 38-week year, while Austin's work year is 39 weeks.

(The median salary is found by listing all salaries paid classroom teachers from the lowest to the highest and then determining the mid-point in this listing.)

**THE RESEARCH** service report covers data from almost 500 school districts throughout the state. These constitute approximately 98 percent of all graded elementary and secondary public school districts in Minnesota.

The median salary for the 28,329 classroom teachers employed in these districts was found to be \$5,869.

A breakdown also was made as to median salaries for school districts on the basis of enrollment. This ranges from \$4,247 for schools with enrollments of less than 200 to \$6,593 where enrollments are 3,000 and higher. Winona, with 3,670 students, is listed in the latter category.

WINONA WAS one of nine districts in the state for which the median salary was \$7,000 or higher.

Others in addition to the top three are:

Edina-Morningside, \$7,317; St. Paul, \$7,244; Duluth, \$7,114; Mankato, \$7,100; Stillwater, \$7,082; and West St. Paul, \$7,000.

Of the 10 schools all but Austin and Mankato, the latter with 38,4 weeks, have a 38-week work year.

**MEDIAN SALARIES** for other school districts in the Winona area follow:

Caledonia	\$6,000
Canton	5,200
Chaffee	5,050
Dover-Eyota	4,843
Harmony	5,120
Hokah	4,800
Houston	4,844

## Rushford Speech Winners Named

RUSHFORD, Minn. (Special) — Four area high schools were represented at the subdistrict speech contest at Rushford High School Wednesday, where winners were chosen to compete in the district contest at Spring Valley March 8.

Winners in non-original oratory were Nancy Kopperud and Ruth Westby, Rushford, and Lois Solberg, Peterson. Dee Ann Olson, Peterson, was chosen alternate.

Original oratory winners were Laura Summers, Houston, and Margo Dubbs, Rushford, with Willa Bliese, Rushford, alternate.

Ann Fenney, Rushford, and Diane Hanson, Houston, will compete in story telling at Spring Valley, with Sherry Zeller, alternate.

Darold Bollum, Lanesboro, was extemporaneous speaker winner.

John Ferden, Peterson, and Mary Ann Skifton, Houston, won top ratings in humorous interpretative readings. Stephen Flynn, Houston, was named first alternate and Ann Hungerholt, Peterson, second alternate.

Winners in serious interpretative reading were Margaret Kocher, Lanesboro, and Janet Braaten, Houston. Alternates named were Clare Lacher, first, and Jeannette Loecher, Rushford, second.

Letitia Olson, Rushford, and Patricia Bunko, Rushford, won in extemporaneous reading. Mary Johnson, Rushford, was named alternate.

A Rushford cast won the play contest with "The Monkey's Paw." Taking part were Dale Feine, Nancy Kopperud, Tam Woxland, Paul Engvall and Gary Johnson. Technical assistants were Paul Iverson, Dean Johnson, Bobby Iverson, Philip Overland, Ruth Westby, Kathy Berge, Nancy Post, Mary Rolfe, Corinne Shipstead and Terry Robertson.

## Cotter High Junior Wins in Oratory

Thomas Joswick, Cotter High School junior, repeated as Winona winner of the American Legion oratorical contest here Thursday night.

He won over five other contestants at Senior High School and will compete in the district contest at the YMCA Saturday at 2 p.m. A year ago Joswick won at that level but was eliminated in the substate.

Joswick is the son of Mr. and Mrs. H. P. Joswick, 978 Gilmore Ave., and is coached by Sister Treara.

The subject for this 26th annual oratorical contest, as always, was the United States Constitution. Contestants deliver a 10- to 12-minute prepared oration and then on six minutes' notice give a 4- to 6-minute extemporaneous talk on an assigned topic related to the Constitution.

Thursday night's extemporaneous talk was on the article concerning the militia and carrying of arms.

Other contestants were Steven Forster and Robert Timmons, Senior High, and John Schell Jr., Michael Vennig and Myron Nilles, Holy Trinity High, Rollingstone.

Donald V. Gray, commander of Leon J. Wetzel Post, 9, American Legion, presented citations to all participants. Norman E. Indall, post and district oratorical contest chairman, conducted the contest. Judges were Mrs. C. Stanley McMahon, Donald T. Winder and Adolph Brenner.

Three to six years ago, before additional rooms were rented off campus, there were 40-45 pupils in some of the grades, particularly fourth, fifth and sixth. Because of state law and inability of teachers to give best assistance to pupils in overcrowded rooms, the board has been making every effort to find extra classrooms.

One more classroom also is needed for high school next year. The present 11th grade has 56 students.

About nine more high school classes will be needed next year to handle increased growth, an enrollment of 470 is expected. The average has been held down to 23 students per class.

Classes added next year will be two in English, one in history, and additional sections in chemistry, Spanish, typing, advanced mathematics and bookkeeping and perhaps art, carpentry and senior science. The latter was dropped this year because of lack of interest.

**KINDERGARTEN** classes have been large and hard to handle because of individual help needed by the children; there are over 30 in each of the two sections. The board is studying the possibility of operating three sections of two hours each in kindergarten instead of securing an additional room for another half-day class.

The board is asking suggestions from citizens in finding more classrooms or other methods of handling the overcrowded condition.

A site for the new center has not yet been chosen.

**Boys Stater Named At Dover-Eyota**

EYOTA, Minn. (Special) — Donald Lyke, son of Mr. and Mrs. Clinton Lyke, has been selected to attend Boys State.

He is a junior at Dover-Eyota High School and is sponsored by the Eyota American Legion Post 551. Donald is a member of the school student council and participates in football, basketball

and baseball.

**Wykoff Subdistrict Winners Announced**

WYKOFF, Minn. — Speech winners were chosen at a subdistrict contest here Wednesday to participate in the district event at Spring Valley March 8. They were:

Original oratory—Mike Meyer, Chaffee; end Mark Casperson, Spring Valley; humorous interpretation—Joy Schwaier, Wykoff; and Harold Biel, Spring Valley; story telling—Mary Chase, Chaffee; and Marilyn Miller, Spring Valley; extemporaneous reading—Vanda Anderson, Chaffee; and Pat Galtie, Wykoff; extemporaneous speaking—Sandra Brown and Judy Slater, Chaffee; and discussion—Craig Chaffee, Spring Valley, and Steven Stranger, Chaffee.

Spring Valley won the one-act play event in the cast were Harold Biel, Carol Rendahl, Elizabeth Johnson and Carol Jech.

**Legion at Rushford To Plan for Birthday**

RUSHFORD, Minn. (Special) — Plans will be made for the March birthday dinner at the regular meeting of Murphy-Johnson Post 94, American Legion, and Auxiliary Monday at 8 p.m.

This year's Girls Stater will be selected; new members will be initiated; plans will be made for the Fillmore County meeting here March 20, and Margo Dubbs, 1962 Girls Stater, will give her original oration, "I Am an American."

The auxiliary will serve dinner for the annual meeting of Tri-County Co-op Oil Association Saturday.

Americans wrote 15 billion checks in 1962. Pulpwood required to produce the paper on which the checks were written would make a stack four feet wide, eight feet long and 25 miles high.

## School Board At St. Charles To Rent More

ST. CHARLES, Minn. (Special) — St. Charles school board is looking for two more elementary classrooms for next year. This year eight classrooms are rented off campus.

By adding a teacher in elementary next year, the school will have two teachers for every grade and no split rooms. It will be equipped to handle a few more students in most of the elementary rooms should any rural schools ask to close.

**ONLY THE sixth grade** will be large next year; there'll be 68 pupils, or 34 in each of two rooms. Elementary classrooms average 28 pupils. Seven have over the 30 maximum approved by the state. The board has asked permission to operate this way until more room is found.

Three to six years ago, before additional rooms were rented off campus, there were 40-45 pupils in some of the grades, particularly fourth, fifth and sixth. Because of state law and inability of teachers to give best assistance to pupils in overcrowded rooms, the board has been making every effort to find extra classrooms.

## It WILL Get Warmer

# Mercury to Dip, Then Rise to 20

Good news, weatherwise, for Winona and vicinity.

Occasional cloudiness and warm-up is the prediction for tonight and Saturday.

A low tonight of zero to 8 below is forecast and a high of 20 above on Saturday afternoon. Chance of scattered light snow and warmer is the outlook for Sunday.

**THE AREA HAS** experienced a steady warmup since Thursday morning when the low was —16 to —10 at noon Thursday and only —2 at 7 a.m. today. The noon reading today was 11.

**Latin American Problem Complex, Professor Says**

The complexity of problems faced by Latin America in its struggle for economic betterment is enormous, a College of Saint Teresa professor told Kiwanis Club members Thursday.

Dr. Louis Galvez, a citizen of Ecuador, addressed the group on the topic "Will Time Be the Americas' Friend?"

**NO SIMPLE** single solution may be found for Latin American difficulties, Dr. Galvez said. Each country, from Brazil with 66 million people, to Costa Rica, population one million, needs to be studied separately, he said. All types of governmental systems, feudal, socialist, capitalist and communist, are represented in the area, he pointed out.

Sixty percent of the population of Latin America is agricultural but only 5 percent of the land is arable, compared with 10 percent or more productive land for the world as a whole. Exports limited to one or two crops or minerals play large parts in the countries' economies, Dr. Galvez said, and disaster often threatens when world commodity prices fluctuate.

Per capita income ranges from \$500 a year in Venezuela to \$85 a year in Haiti, he observed.

Most Latin American nations pay out more money for imports than they receive for their exports. Increased outlays for imports foster currency shortages, exhaust gold reserves and engender inflation, Dr. Galvez said. Because of the situation three South American countries, Bolivia, Brazil and Argentina, are now on the brink of a runaway inflation, he said.

**LARGE LANDOWNERS** and the military class are obstacles to growth, Dr. Galvez said. Deficient tax laws, bureaucratic inefficiency and administrative incompetence all are in need of reform, he stated.

Communist infiltration and efforts to overthrow established governments can be resisted, Dr. Galvez said. Religious convictions of the populace, a generally Americanized officer corps in Latin American armies and an abhorrence of violence by the majority will help prevent communism from obtaining footholds, Dr. Galvez suggested.

He said the Alliance for Progress is becoming more than a mere political motto in working toward Latin American betterment.

**HARMONY AMERICAN LEGION**

HARMONY, Minn. (Special) — American Legion Post 81 will meet Monday at 8:30 p.m. at the Legion Hall.

Even the extended forecast — predictions for the next five days — tented and forecast temperatures averaging only 3 to 6 degrees below normal. Normal daytime highs are 26-33 and nighttime lows 6 to 12 above.

Precipitation, says the weatherman, will average 1.0 of an inch or less in light snow Sunday or Monday and again about midweek.

**FOR A SHORT TIME** Thursday afternoon the Winona temperature got above the zero mark. It registered 2 above at its peak.

A year ago today, Winona was battling the heaviest snowfall of the season, 13 inches in two days. The high temperature was 23 and the low 1. Fifteen inches of snow lay on the ground.

All-time high for Feb. 22 was 60 in 1930 and the low —22 in 1873. For the past 24 hours the mean in Winona was —4. Normal for this day here is 21 above.

Most Minnesota reporting points had clear weather this morning and International Falls reported the lowest temperature, 12 below. Rochester had a figure of —3 and La Crosse 6.

A slight warming trend, enough to boost temperatures above zero throughout WISCONSIN, set in today.

Following a day in which the mercury never got above zero, readings today were expected to go as high as 14 degrees in some areas.

Temperatures early today ranged from 16 below zero at Park Falls to 5 below at Milwaukee, Madison and Racine. Wausau and Lone Rock had 13 below; Green Bay 12 below; Eau Claire 10 below; Beloit 9 below and Superior 8 below.

**A MAXIMUM** reading of zero was common in Wisconsin Thursday. That high was noted at Milwaukee, Madison, Beloit and Lone Rock. Green Bay had a high of 1 below, Eau Claire and Park Falls 4 below and Wausau 6 below.

Some light snow or snow flurries were predicted for the northeastern part of the state late today or tonight.

Thermal, Calif., set the nation's high of 89 degrees Thursday, compared with the low of 35 below at Pellston, Mich., early today.

**22 Churches Join in Union Lenten Rites**

The Rev. Dr. Harry H. Kalas, president of Westmar College, Le Mars, Iowa, will be the guest speaker at the United Lenten Services sponsored by the Winona Area Ministerium.

The services will be held March 10-14 at the First Congregational Church.

Dr. Kalas is a graduate of the Evangelical Theological Seminary, Naperville, Ill., and holds a master of arts degree from Northwestern University.

A united choir, composed of members of churches in the association, will meet for its first rehearsal at the First Congregational Church at 3 p.m. Sunday.

It will be directed by Justin Lemke and Miss June Sorlien will be organist. The choir will sing each evening at the services.

Other practice sessions are slated for March 3 and 10 at 3 p.m.

A total of 22 Protestant churches of the Winona area are included in the ministerium.

**Minnesota Lists Communities for Weight Restrictions**

With the advent of spring imminent, the Minnesota Highway Department has issued a list of municipalities of 1,000 or more population affected by load limitations on trunk highways.

A total of 27 municipalities are affected, highways serving them being limited to 5-ton, 6-ton or 7-ton axle loads. In addition, 198 unincorporated communities on trunk highways also will be affected by weight restrictions.

Three villages in this area are affected. Load restrictions there will be limited to six tons. They are Houston, population 1,082; Plainview, 1,833; and Rushford, 1,335.

A total of 95 were confirmed at St. Mary's Church last Sunday.

City Planning Commission members will tackle a lengthy agenda when they meet Tuesday at 7:30 p.m. at City Hall.

On the schedule are five new petitions and the submission of additional documentation by Western Land Co. relative to its petition for rezoning a 30-acre parcel for use as a shopping plaza site.

**THE PUBLIC** hearing on the Western Land petition already has been held. At its Dec. 19 meeting the commission heard arguments for and against the reclassification proposal.

A decision was deferred by commissioners who held they could not act on the basis of incomplete plans which were outlined in a general way by the developers.

The petitioners' attorney, S. D. J. Brucki, submitted additional information on the million-dollar project to the city engineer's office two weeks ago.

E. J. Sievers, commission chairman, acknowledged receipt of the additional plans but said commissioners might not be able to act on the matter because of the volume of other business. There definitely will not be a hearing on it Tuesday.

**OTHER PETITIONS:**

To permit remodeling a rear building into apartments at 209 E. 5th St., to rezone lots facing 4th Street between Winona and Washington streets from R-2 to B-2, to amend the zoning ordinance to waive certain requirements for B-3 districts; to rezone from R-1 to B-1 a tract on Mankato Avenue bordering the north side of Shell Oil Co. property, and to approve a proposed plat of five lots on East Bellevue street, 500 feet east of Carimona street.

**Ex-Russian Tells Of Communist Plan For Enslavement**

ST. CHARLES, Minn. (Special) — "Communism is a conspiracy to enslave mankind," Michael Varenick, Alma, told an audience here Wednesday night at a program on Americanism arranged by the American Legion and Auxiliary.

Orrin Zimmerman, post commander, introduced the speaker, a native of Russia who came to the U.S. following World War I. He read the oath citizens of the U.S. take to join the Communist party.

A RUSSIAN doesn't have an opportunity to revolt because children don't trust their parents, husbands don't trust their wives, and vice versa, he said.

Communists start with breaking up the family, then proceed to disintegrate the churches, clubs and other organizations so eventually the people can gather only at party meetings.

A movie was shown by members of the high school projectors club, depicting how youths were used in riots against a congressional committee in session in California.

During a question and answer period in which young people took an active part, one boy asked, "What can we do to stop communism in the U.S.?"

Varenick answered, "Stop yourself from thinking Communist, make yourself aware of what the party is doing, and practice patriotism."

**FROM SERVING** in counterintelligence with the U.S. Air Force in World War II, he became acquainted with Communist tactics. He warned how party members are using the U.S. Constitution as a weapon against us.

At lunch following the meeting questioning of the speaker continued. Boy Scouts were ushers at the meeting.

## 60 Shelter Heads Get Instruction In Maintenance

About 60 shelter managers participated in the shelter manager's course at Pasture Hall, Winona State College, Thursday evening.

The course was conducted by Joseph P. Emanuel, Winona State, and Erhard Saettler, College of Saint Teresa. Purpose of the course was to familiarize managers with equipment and techniques used in the shelters.

**ACCORDING** to Emanuel, the course covered staffing and organization of shelters, selection of officers for shelters and their training, duties of officers and managers, and items of equipment that will be stocked in the shelters.

"We discussed the equipment and each person attending was able to try the food, a process-type wafer, that will be used in the shelters."

"We were careful in our instruction to tell these managers how to choose officers and whether or not the officers should be pre-trained."

"We were surprised and happy to see that persons from Leppisto, St. Charles and Minnesota City attended the course. All of the schools in Winona, public and private, were represented," said Emanuel.

**GEORGE K. MCGUIRE**, city civil defense director, said that the shelter stocking would include food, water, medical and radiological equipment. This equipment will be placed in a quantity large enough to supply each person in the shelter for a two-week period, he said.

The stocking will begin in the near future, but no definite date can be set, said McGuire. The federal government provides the materials for the shelters and supplies have not reached Winona yet, he said.

"Attendance at the course was good," said McGuire, "but we probably haven't covered all the shelter managers. I plan to call another management course at a later date for those who missed."

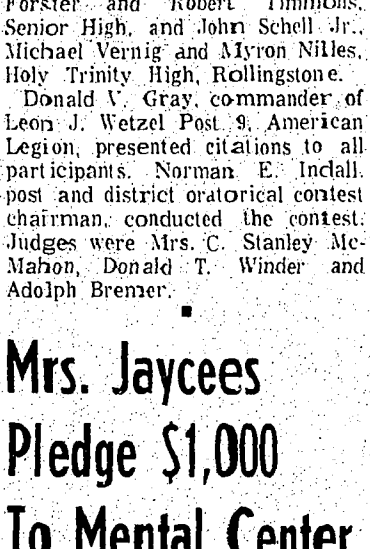

**Legion at Rushford To Plan for Birthday**

RUSHFORD, Minn. (Special) — Plans will be made for the March birthday dinner at the regular meeting of Murphy-Johnson Post 94, American Legion, and Auxiliary Monday at 8 p.m.

This year's Girls Stater will be selected; new members will be initiated; plans will be made for the Fillmore County meeting here March 20, and Margo Dubbs, 1962 Girls Stater, will give her original oration, "I Am an American."

The auxiliary will serve dinner for the annual meeting of Tri-County Co-op Oil Association Saturday.

Americans wrote 15 billion checks in 1962. Pulpwood required to produce the paper on which the checks were written would make a stack four feet wide, eight feet long and 25 miles high.

## 'PEOPLE BUSINESS' Help for Small Firms

"We're in the people business." That's how Alan K. Ruvelson, president, First Midwest Capital Corp., Minneapolis, described his firm here today, the nation's first small business investment company licensed by the U. S. Small Business Administration.

Ruvelson discussed "New Horizons for Small Business in Community Development" at a luncheon meeting of the Winona Industrial Development Association at Hotel Winona.

He was accompanied by two associates who also addressed the luncheon, Gene Rucke, assistant secretary and staff counsel of First Midwest Capital Corp., and James Schwartz, vice president of the firm's subsidiary, First Midwest Management Corp.

"We want to know if the prospective client needs financing because of foolishness or opportunity," Schwartz said.

Ruvelson said his firm provides management counseling to clients at a nominal fee.

**HE CITED** these typical management boners which counseling aims to correct:

- Buying an expensive car every year and charging it to the company.
- Nepotism — putting your wife and brother-in-law on the payroll.
- Buying from a supplier "just because he customarily buys you a drink at the 19th hole."
- Poor quality control. "I know of one company where they had their quality control at the end of the assembly line after all the labor was done. Quality control should be done earlier."
- Shoddy accounting. "At one company you couldn't get a trial balance if you tried for six months. They have an IBM card system now on all processes."
- Fragmentary corporate subsidiaries operated in a vain effort to get a tax break.
- Thinking you can get into the big time with modest management skills. Schwartz said many small manufacturers started their businesses right after they finished high school. "They have a narrow interest," Schwartz said, "if they want to get into the big time they'll need outside skills at some point."

Ruvelson said there was no conflict between his firm's kind of financing and the kind offered by banks. Banks offer short-term loans with good security, and derive income from interest paid on these loans. Ruvelson's firm makes long-term loans (five to 20 years) in return for capital stock or debentures or warrants that would permit the First Midwest Capital Corp. to buy capital stock in the future. Ruvelson's firm can take more risks than banks can.

**BECAUSE** of the long-range nature of the loans, Ruvelson is more interested in a prospective client's potential rather than in the present state of business.

"A business usually needs money for one of two reasons," Ruvelson said. "Either the business isn't doing as well as it should or it is doing better than it should and is suffering from growing pains."

W. E. Morse, WIDA executive director, emphasized that Ruvelson's speech was of an informational nature about the services of small business investment companies in general and that the WIDA was not endorsing any financial institution. Ruvelson is past president of the National Association of Small Business Investment Companies.

## Bearded Heston Keeps His Neck

By EARL WILSON

NEW YORK — Charlton Heston, who wears a beard to play John the Baptist, and Peter Ustinov, who wears a beard just to be Peter Ustinov, lunched at Sardi's East about a picture deal — and Heston later said:

"It must have seemed like a lot of underbrush for just one table!" Heston — though being seen clean-shaven in "Diamond Head" currently — is keeping on the beard to finish playing John the Baptist in "Greatest Story Ever Told" in Page, Ariz., next week.

"I love this beard," Heston said in Toots Shor's. "I'd wear a beard all the time if I weren't an actor. Only trouble is, my wife says it's like kissing a porcupine."

Remembering what happened to John the Baptist about the time Salome was doing the Dance of the Seven Veils, we asked Heston about the haircut he's supposed to get from the throat up. "Don't worry," he said. "I'll keep my head."

Anthony Quinn—who's liked by men and simply ADORÉD by women—is a favorite to cop an Oscar for "Requiem for a Heavyweight" at least around B'way where he's enormously popular. They also expect Tony to get a Tony (the stage award) for "Tchin-Tchin."

Robert Ryan was out of "Mr. President" again—doctors insist it's not a recurrence of chicken pox, but a virus. Ava Gardner dated Peter Duchin, who used to date Kim Novak. They were at Trude Heller's in G'wich Village—but Ava also dated one of the Kingston Trio.

Peter Lawford's really slumped down. He looked 20 pounds lighter at Basin Street—and he DIDN'T take any 50-mile hike. (Fifty yards, maybe!)

Julie London got the r-r-r-really big news. It'll probably be twins. DINA MERRILL recently played an Indian on TV and enjoyed the makeup and the Indian costume immensely—in fact, she was so delighted with the experience she fears she overdid it.

"You having fun playing an Indian?" she asked one boy dressed up like an Indian.

"Huh?" he said. "I said 'You having fun playing an Indian?'" she repeated.

"Lady," growled the boy. "I am an Indian!"

George Jessel told the Sydney Plotells of Burlingame, Cal. When they celebrated their 30th wedding anniversary, "I haven't been married 34 years with all my marriages."

I doubt if any new star who's come along has so many rooters around B'way as pretty little Suzanne Pleshette.

WE SAW her growing up around Our Street—in Lindy's, Toots Shor's, Danny's Hideaway—for her father Eugene Pleshette was for years the manager of the Brooklyn Paramount.

Gene and Mrs. Pleshette reared their daughter carefully—she grew up a talented, beautiful young lady who's co-starred in "40 Pounds of Trouble," and has been voted "The Most Promising New Actress."

I went to the Plaza for a reception for Suzanne—her parents were there beaming. She'd just come from Toots Shor's where she'd had ice cream.

"Ice cream! Who ever heard of Toots Shor's saloon having ice cream!" I said.

"I'm the kind of girl," Suzanne explained, "that if I served a martini, I skip the gin and eat the olive—and already I'm drunk on the olive—stoned on it if you'll pardon the pun."

### Portable Fishing House

The Minnesota Legislature is trying to rush through a bill that will legalize portable fishing shelters. This is the kind one takes home with him each day. It's something a fisherman can put under his arm and carry to the car, like the fisherman shown in the picture is doing.

In fact, the pending legislation would permit the use of any fish house on the ice every day from 7 a.m. to 7 p.m. with the requirement they be removed each evening. They would be used by fishermen to catch panfish and other fish, mostly rough fish on which the season remains open the year round.

Main reason for speeding enactment of the law is to continue fishing this sub-zero weather. If the weather continues as it is, northern lake fishermen would be able to fish through the ice to July 1. In fact, it looks now that it is extremely foolish to let an inland water fisherman to get his fish shack off the ice Thursday or the wardens will burn it down to the ice.

Would it not be much simpler for all concerned, instead of passing a new law, just relax this rule by an executive order to wardens saying: 'Hands off fish houses until March 15 when it should be warm enough to fish without such protection.'

Sherburne County Refuge. It looks like after the Wednesday hearing of the Minnesota Land Exchange Commission that another duck saving prospect has been killed for political reasons. In the hearing, the U. S. Fish and Wildlife Service sought authority to acquire 31,795 acres of Class 4 lands and develop it into another Horicon Marsh, within easy motor distance of the Twin Cities but the commission appeared not willing to upset the lives of a few score of farmers living in the area.

Stafford King, aged state auditor, gave a hint of the way the commission felt when he remarked: "I cannot see where any government should have the authority to dispossess a man of his land to 'raise a duck.'"

Bob Burwell, regional Fish and Wildlife Service director, said the area "could become one of the most important waterfowl areas in the country" with even more potential than the famed Horicon Marshes in Wisconsin, Horseshoe Lake in Illinois or Swan Lake in Missouri.

Opposing the plan are several of the 252 land owners who are within the boundaries of the proposed area. Burwell said the majority of the landowners are in favor of the project, but the remainder are putting up considerable resistance.

"This is Class Four agricultural land—about as low as you can get—but we are still willing to pay up to \$100 an acre for some of it," said Urban Nelson of the Fish and Wildlife Service. "Other land is worth only a few dollars an acre."

He said the total value of the land is about \$1,500,000 which would be paid for out

## 5 Years of Safe Driving? Nothing Says This Man

MABEL, Minn. (Special) — When the Mabel Record reported recently that a local resident had been cited for driving five years without an accident, one reader replied it was a minor accomplishment. He had been driving 54 years and never has bent a fender or received a ticket.

It was a friendly discussion between Burr F. Griswold, assistant editor of the Mabel Record, the younger driver, and Ernest R. Antrim former editor and publisher of the Mabel Record.

Griswold got a medal from the Minnesota Automobile Association (AAA) for his five-year record.

Antrim wrote to the state association asking how many drivers there were with 54-year safe driving records. An association official replied:

"I imagine there are few (if any) drivers who can lay claim to a perfect driving record for 54 years." He explained that driver license records show only the most recent five years. That is as long as they can prove a record for purposes of the award.

In his 54 years, says Antrim, he has hit one dog, two chickens and a young turkey.

## Warning to All On Love Letters

By ABIGAIL VAN BUREN

DEAR ABBY: Why do people hang on to letters and pictures of a dead romance? I had a friend who was recently killed in an accident. When her employer came to her wake he brought a box of her personal things that had been locked in her file at work. He gave them to her husband. When the husband opened the box, he found letters and pictures from a fellow he had suspected his wife was in love with during the early years of their marriage. I knew about this affair and knew it had been over for years. The husband didn't know this. He went to pieces and did not attend her funeral. He was located months later, a broken man, in Skid Row. Even in death it's the innocent ones who are hurt the most. Write something about this in your column, Abby. It could spare others that kind of misery. A FRIEND

Abby

DEAR FRIEND: You expressed it very well. Let this be a warning to all who have such souvenirs locked in files, vaults and drawers. Dig them out — for the sake of the living who love you — and give them a private burial.

DEAR ABBY: What do you do when a girl writes your initials all over her notebooks, school books and even on her arms in red and black ink? I am the boy and I don't like it one bit. She never was my girl and never will be. The whole school thinks I am her boyfriend. Please print this so the kids at school will get it straight. S. O. S.

DEAR S. O. S.: The girl is childish and there is nothing you can do about it. If you make a fuss, she'll have attracted your attention, which is what she is trying to do. Ignore her and she'll go away.

DEAR ABBY: My father died a few months ago leaving my mother alone. In order to supplement her income she decided to rent her downstairs. She asked me to help fix it up, so I agreed. My wife screamed bloody murder. She said I never painted or repaired our house and had no business doing it for my mother. She said, "Let the old bag rot up there!" Abby, my wife's attitude has torn me to shreds inside. I am the only son and my mother could not afford a professional decorator. Was I wrong in helping my mother? What's wrong with my wife? HEARTSICK

DEAR HEARTSICK: You were NOT wrong to have helped your mother and I think your wife is headsick.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Small Trees for the Home

Having talked about the suitability of some of the large deciduous trees for the home grounds, let us now consider a few of the smaller trees that can be used in locations where tall trees would be out of place.

Next to the shrubs, the small trees are the most versatile plants for use about the yard. In order to differentiate a tree from a shrub, it might be stated that a tree is a woody perennial that has a single stem, or trunk, and is at least ten feet in height. Shrubs usually have several stems, but there are exceptions when they are grown to single stems such as tree lilacs, tree hydrangeas, tree roses, tree wisterias and some other so-called tree forms that are not trees in actual fact.

A nice thing about the small trees is the fact that most of them are lovely when in flower and some of them such as the flowering crabs are very colorful in the fall with loads of small red fruits, or distinctive coloration of the foliage. When a small flowering tree is under consideration, the thoughts usually go first to one or more of the crabs.

ONE OF the best is the new Radiant flowering crab developed by the University of Minnesota. The foliage has a reddish tinge and the flowers are a brilliant red followed by small red fruits in the fall that hang on the tree all winter. It is rather upright in growth and reaches a height of about ten feet. We have one of these little trees three years old and it is considered a prized possession.

The new Vanguard flowering crab was introduced, also, by the University of Minnesota. In flower and fruit it resembles the above Radiant variety. It has the same upright growth, but as it nears maturity it becomes somewhat vase-shaped. It grows about 12 feet high.

THE ALMEY crab is another beautiful small tree with dark crimson flowers that are larger than most of the other crabs. Like other forms, it is covered in the fall with small red crabs that hang on the tree well into the winter. It attains a height of about 12 feet.

Other desirable flowering crabs are Hopa, Purple Wave, and Jay Darling. The Dolga crab makes a fairly large tree with beautiful fruits that are fine for jelly and pickles, but it is not a desirable lawn tree.

The Purple Leaf plum is a useful small tree for those who do not object to the colored foliage. It has pink blossoms in the spring and the leaves take on a rich red color. It reaches a height of about 8 feet.

The Redbud is an attractive small tree that is a beautiful sight in the early spring when covered with a mass of small rose colored blossoms before the leaves appear. After the blossoming period has passed the tree is pleasing with its rounded head and heart-shaped leaves. The American variety grows about 20 feet high and is useful, also, as a shade tree. The

## Bridge Planned At Caryville

DURAND, Wis. — A bridge will be built across the Chippewa River at Caryville, Dunn County, supervisors have learned.

The bridge will replace ferries which operate each summer at Caryville and Meridean. Currently there are no bridges across Chippewa River between Durand and Eau Claire.

The state Highway Commission is planning a \$510,000 structure 980 feet long with nine or 11 spans and 26-foot roadway. The bridge would be three feet above highest water levels.

Financing would be by a federal allotment of \$229,500; Dunn County, \$159,032; Town of Rock Creek, \$7,336; and Town of Spring Brook, \$21,610.

Contracts for the project may be let in late summer, and the bridge could be completed in 1964. Surveys have been finished and bridge designs and borings are in progress.

Hearings on the proposed bridge were held at Menomonie last year. Buffalo County officials favored it as a new link to new Interstate Highway 94. "The people favored the bridge because ferry operations were affected by water levels and wind."

## Ettrick Boy Scouts Enroll in First Aid

ETTRICK, Wis. (Special) — Twenty Boy Scouts, with Ronald Terpening Scoutmaster, recently enrolled in a first aid course. Dr. C. O. Rognie is assisting with the instruction.

The course will be completed by the middle of March.

Scouts are divided into four patrols: The Spartan patrol, led by Jerome Bishop; the Thunder Bird patrol, with Lon Truax as leader; the Corvettes, Robert Strand, leader, and the Comanches, Steve Casey, leader. Kenneth Truax Jr. is senior patrol leader. Scouts are sponsored by the Lutheran Brotherhood.

A swimming party is scheduled March 4 at the YMCA in Winona.

## Boiler Lid Blows; Elevator Man Burned

ELEVA, Wis. (Special) — Claude Bue, Eleva, was burned about the chest, arms and shoulders Tuesday evening at the Neteck Mink Foods plant when a cover of the boiler blew off and he was sprayed with boiling liquid. He was taken to Buffalo Memorial Hospital, Mondovi, by Boyd Gallati, supervisor at the plant.

## Harmony Incumbents File for Re-election

HARMONY, Minn. (Special) — Two incumbents have filed for Harmony Township office: Percy Steffensrud, who is running for a 3-year term as supervisor, and Herman Lange, seeking the 2-year term as assessor. No one filed for treasurer.

The election will be March 12.

IT'S an odd late-winter time we're having this year. For we'll have one day of sunny thawing weather with the roads a sea of running water, and the very next day everything's frozen up tight again and winter has renewed his icy grip on us. But we know that spring is bound to come before too long. For one thing, several people have reported seeing a stray robin or two.

Mrs. George Christensen had one in her yard a week ago, and she was sure he had come up from the deep south because he was so sleek and fat. She is feeding him home-popped popcorn, which he loves. The very few odd robins that stay around here all winter get very thin and scrawny with the tremendous exertion of finding food to keep them alive in this harsh climate. Mrs. Christensen was feeling very sad over the death of a lady cardinal that had lived in her yard for several years and always built a nest close to the house. As Mrs. Christensen had been plagued this winter with field mice gnawing her rose bushes, she put out some poisoned wheat.

"I thought I was so careful to bury the wheat where only the mice could get it," she said, "but a few grains must have scattered where the birds could get them. Of course it couldn't have been a starling or a sparrow but it had to be our lovely pet cardinal. I hope you'll warn people about being extra careful with poison grain."

Last week was an interesting week for me as far as birds are concerned. Right after turning

in a column saying that practically nobody had seen any cedar waxwings I walked up the hill, and in an oak tree right beside the path perched a flock of sixteen cedar waxwings. The next few days they fluttered around this valley in groups of three or four. Also last week in a dense thicket atop a high hill five ruffed grouse flew out of a tree with a thundering whirl that made me jump. Put away those guns boys. It's protected area."

But best of all, Sunday afternoon Barbara Voss from next door came rushing over and gasped, "There's the funniest looking thing sitting in a tree! Come out and look at it."

She took me just a few steps up the back yard slope and pointed to a beatup oak tree with several holes in the trunk. In the main crotch about six feet above the ground sat what looked like a small brown and white streaked rabbit with ears perked up. It was a tiny red-brown streaked owl only 7 or 8 inches in size. It had pointed ears and big yellow eyes, and somehow it had a very innocent looking little face. It was a young screech owl, and looked like an adorable sleepy baby. It sat quietly regarding us and never moved.

It was still there about 7 o'clock, and though I listened all evening for its mournful descending whinny-cry, there wasn't a sound.

In the morning it was gone — I wonder what became of this charming little pixie of an owl.

One of the most interesting sounding deals in our town's history is being planned for the weekend of May 18-19 when bird lovers from all over the state will converge on Winona and explore. This year the Minnesota Ornithological Union is going to hold its annual "May Field Day" in Winona because Winona is getting the reputation of being one of the most interesting bird centers in the northwest. Our area has an extraordinary range of bird-territory — prairie, high hills and thick woods, lake, swamp land and especially the river.

Our rather new Hiawatha Valley Bird Club will act as hosts to the different state bird clubs, and the headquarters will be the Isaac Walton cabin. Some fascinating excursions are being planned for that weekend, including bird walks through area valleys and hills and tours of river bottom areas under the guidance of local Fish and Wildlife personnel.

It is planned to visit a rare heron rookery, the Winona pool, and other less well known area river haunts. Dr. Breckenridge, head of the University of Minnesota Museum is coming down for the meeting. Professor Warner will bring down his university students, and many other interesting people are planning to come to Winona for this May Field Day. Mr. and Mrs. Sanford Tyler are acting as chairmen of the weekend meeting which is open to all Winona Bird Club members and area persons interested in birds. For more details contact the Tylers.

**Is the small car going out of the picture?**  
They're growing the new cars much bigger this season.  
And to think that only a year or two ago, it was just the other way around.  
For a while there, you could buy a car that you could actually park on the first try. And that didn't need power this and power that to get around the block.  
We're going to miss them. And we think a lot of other people will, too.  
Because we think there are people who still want to put a sensible amount of money into a sensible amount of car.  
So prepare yourself: the 1963 Volkswagen is still exactly the same size. And it looks exactly the same.  
Volkswagen dealers still have parts to fit any VW ever made.  
And the people who bought 1962 Volkswagens don't feel as though they're driving last year's model.  
Maybe most small cars are going out of the picture. But there's one small exception.

## Don't Shovel Yourself Into Heart Attack

THE NUMBER of heart attacks caused by shoveling snow is easily explained says the Minnesota State Medical Association, when it is realized that the energy cost of shoveling moderately heavy snow is equal to running at the rate of about 7.5 miles per hour.

Many things associated with cold weather give rise to special difficulties for persons troubled by heart disease. Cold air itself, associated with exercise, is a particular factor in bringing on angina pectoris (heart pain), and the physical effort involved in walking on a cold day is even more increased by adding heavy winter clothing to one's normal weight. A hat, scarf, gloves, overcoat and galoshes weigh a good ten pounds and make walking more of an effort—especially through snow.

Winter weather has another hazard for the person with heart disease, namely the forced physical inactivity imposed upon him. Not only is this bad psychologically, says the association but probably far more important, it removes the stimulus of physical activity which appears to be one of the most useful means of promoting improved blood supply. It has been found that a person has less heart pain and better exercise tolerance when regular physical exercise is possible.

WHAT SORT of advice can be given the man or woman with heart disease who must face our winter weather? First, the association says that they should make certain that they have received influenza vaccine, since respiratory infections can be quite serious when coupled with existing heart disease.

Secondly, a relatively good physical fitness program of regulated exercise prescribed by a physician should be followed.

Finally, unusual vigorous physical effort should be avoided—both by persons with, and without, heart disease. In particular, the association says that shoveling snow and pushing a stalled automobile are not fit activities for the overweight middle-aged or elderly business man. In fact since the housewife gets physical exercise in her daily work she may be relatively better equipped to clean off the driveway than the man of the house—unhappily as it may be.

FOR BOTH, however, shoveling and strenuous pushing are unusual types of effort for which most persons are poorly conditioned. If such activity must be undertaken, even persons in good health should do it in stages with periodic breaks for rest.

## Election Laws Reform a Must

A MAJOR problem for the current Legislature is some kind of election laws reform in an attempt to prevent the present recount debates in which we are presently engaged. It will not be an easy one to solve. At the same time, in this modern age of machines and all other mechanical devices, we are still voting by the same methods used 150 or more years ago. We should be able to do better than that.

One reform that possibly could require a constitutional amendment is a provision to combine the offices of governor and lieutenant governor on one ticket so that a single vote would elect two of the same party. That is the method we use in electing a president and vice president on the national level and it seems to be only common sense.

But consideration must also be given to other things that could be more quickly changed. The ballots could well be simplified to prevent present confusions that result in faulty markings. Some have also offered a suggestion that more ballots for different offices be of different colors to facilitate counting.

PERHAPS MORE care should be exercised in the selection of judges and clerks and also in their instructions and knowledge of election laws and procedures. We believe strongly in the two platoon system of judges and clerks, one to preside during the time the polls are open, and the other to step in when the polls close to do the actual counting. Since judges and clerks are paid by the hour, there would be no increase in cost.

Several states use what is known as the concurrent or progressive vote counting system. After the polls have been open for a few hours, a counting team moves in, takes the ballots cast up to that time, and retires to a separate room to begin the counting. By the time the polls close, the counters are ready within a short time to come up with the precinct results.

THERE ARE doubtless other election reforms that could be made and a serious legislative study will disclose them and weigh them. But the changes must be made. The people of Minnesota are pretty well fed up with the present antiquated system that has so many weaknesses and loopholes.—St. Cloud Times

## Try and Stop Me

## HOW DO YOU STAND, SIR?

## Why Immunity From Criticism?

By SEN. BARRY GOLDWATER

In recent months—in fact, ever since the confrontation with Nikita Khrushchev over the Cuban missiles—the Kennedy administration and its supporters in Congress and in the press have given the New Frontier very high marks in the whole area of foreign affairs.

It almost seemed during this period that a brand of immunity from criticism existed for all administration policies throughout the world.

Anyone who had the temerity to question the President's handling of the Cuban crisis was immediately shouted down as a "die-hard" or a "partisan sore-head."

Anyone who opposed the United Nation's rape of Katanga or argued for the right of self-determination in the Congo just didn't understand how our policy was designed to prevent chaos and confusion by waging war.

Anyone who wondered about the payment of ransom to Castro for release of the Bay of Pigs prisoners obviously lacked humanitarian instincts.

Anyone who opposed the administrative murder of the manned bomber or the death of Skybolt was pushed aside as a backward-looking obstructionist.

And, of course, anyone who questioned the administration's preoccupation with the dangerous concept of general and complete disarmament automatically became a war monger or worse.

YES, EVERYTHING was rosy for the administration in the basking period which followed the Cuban crisis. President Kennedy told the nation during the holidays it had a lot to be thankful for—and he modestly refrained from suggesting that his administration had provided the blessings.

Just a few weeks ago, Sen. Wayne Morse, an administration member of the Foreign Relations Committee, declared that the American people had ample reason to repose "complete confidence" in the Kennedy administration's handling of foreign policy everywhere in the world. Other spokesmen for the administration hailed the split between Russia and China and suggested that this happy state of affairs was entirely attributable to the policies of the President.

But all of that was a long time ago—four or five weeks to be exact. Now the picture has changed as the results of some of the administration's policies become fully apparent.

TODAY WE FIND the administration going to extraordinary lengths to defend its Cuban policy. We find the President's "grand design" for an Atlantic Community run from the White House in a state of complete disarray.

We find our neighbor and staunch ally, Canada, seething with anger and anti-American sentiment. We find the administration talking about French President De Gaulle, not like a valued ally who stood by us during the Cuban crisis, but like a species of madman who is out to wreck the world.

And we find the President's much-advertised foreign trade program in a state of near collapse, because we failed to realize that Britain's entry into the European Common Market was not a positive certainty.

AND THE American people, who were asked to repose "complete confidence" in the administration's handling of foreign policy, are treated to the spectacle of a government with no alternative plans to fall back on.

How do you stand, sir?

## Fillmore County Immunization Program Reviewed

PRESTON, Minn. (Special) — A report on the immunization program in Fillmore County schools last year was presented by Mrs. Targe Christianson, R. N., at the monthly meeting of the county's board of public health nursing at the courthouse here Tuesday.

Mrs. Christianson, who has been assistant in the county nurse's office since Sept. 1952, will carry on the work of the office so far as possible until a successor to Miss Janet Fulton is secured.

MISS Fulton, public health nurse here the past five years, has resigned to become public health nursing consultant of District VII at Fergus Falls, Minn. She will be available at the office here until March 8.

Mrs. Christianson reported nine school immunization clinics were held. One school eliminated the program.

Number of inoculations given were: Smallpox, 863; diphtheria-whooping cough-tetanus, 246, plus 381 boosters; diphtheria-tetanus, 185, plus 586 boosters.

Miss Fulton, representative of the National League of Nursing at a congress on prepaid health insurance in Chicago last week, reported indications that home nursing care would be included in health insurance policies on a per visit basis. The congress was sponsored by the American Medical Association, which favors maintaining health insurance on a voluntary basis.

THE EXECUTIVE committee of the public health nursing board met last week with Miss Evi Altschuler, Rochester, district consultant, to discuss securing a certified public health nurse to succeed Miss Fulton.

Miss Altschuler will arrange appointments with supervisors of schools of public health nursing in the state so the board can interview nurses graduating this spring.

Attending the meeting Tuesday were Mrs. Donald W. Johnson, Mabel, acting chairman of the public health nursing board; Mrs. Orville Reese, Chalfield, and Mrs. Lloyd McKenzie, Spring Valley, members, and Oscar Garneiss representing the County Board of Commissioners.

## Telephone Building Started at Chalfield

CHALFIELD, Minn. — Construction of the new \$42,000 Chalfield telephone building is slated for May 1.

Construction of the 1,500-sq. ft. concrete structure is part of a \$186,000 program under way which will include conversion to a seven-digit system. This is expected to coincide with release of a new regional directory next fall.

Western Electric will install the dial equipment by Northwestern Bell, which serves the city. There will be no hike in rates.

## St. Teresa Plans Latin Observance

Prof. B. H. Narveson, chairman, classical language department, St. Olaf College, Northfield, Minn., will speak at the College of Saint Teresa next week and visit Latin classes during the observance of Latin Week which starts Saturday.

Student chairman of the week is Miss Susan Johnson, St. Paul. Prof. Narveson is past president of the Classical Association of the Middle West and South. He is a founder of the Minnesota Classical Conference and has been its president and a member of the executive board. He will speak at the dinner which will close Latin Week.

A display of art pieces and recently acquired scholarly books and manuscripts has been arranged for the week.

## Caledonia Scouts Hike 50 Miles

CALEDONIA, Minn. (Special) — Two 15-year-old Explorer Scouts completed a 50-mile hike Saturday. They were Duane St. Mary, son of Mr. and Mrs. Alex St. Mary, and David Heffe, son of Mr. and Mrs. Robert Heffe.

They started at 5 a.m. and took Highway 44 through Hokah and La Crescent arriving in La Crosse at 1 p.m. They returned through Brownsville and arrived home at 9:30 p.m. The last mile was a long one, the boys said.

## 6 Dover-Eyota High Students Inducted Into Honor Society

EYOTA, Minn. (Special) — Six new members were inducted into the National Honor Society at the high school here Thursday.

They are David and Gary Neumann, Bruce Hansen, Susan Kahl, Lynn Schumann, and Judi Diemer. Guest speaker was Clark Palas, District County Historical Society. O. Seltsch, high school principal, sponsored the students.

The new members were inducted by last year's members including David Ellringer, Joanne Keefe, Virginia Peck, Lynn Pries, Larry Schmidt, Rita Scripture and Barbara Wingert. A tea was served by the FFA girls.

**PUBLIC CARD PARTY**  
BLUFF SIDING, Wis. — Town of Buffalo Civil Defense unit will sponsor a public card party for the benefit of the Heart Fund in Town of Buffalo Hall Sunday at 8 p.m. The hall is the former Bluff Siding school. Sheephead, 500 and other games will be played, prizes will be awarded, and lunch served.

## America Needs Selling, Durand Audience Told

DURAND, Wis. (Special) — Dr. Robert R. Spitzer, a former Waukesha County dairy farm boy, now president of Murphy Products Co., Burlington, Wis., said at Durand High School Wednesday night that by "understanding real communism and selling something better, we will win two ways."

DR. SPITZER illustrated talk described his 20,000-mile tour of the Netherlands, East and West Berlin, Poland, Soviet Union, Hungary, France and England with a group of 32 Wisconsin agricultural leaders who participated in an agricultural goodwill mission in 1961.

They spent 11 days behind the Iron Curtain, where, although tours are guided by trained personnel, they had opportunities to see the low living standards and housing conditions, primitive farm methods, lack of cars, trucks and farm machinery, limited merchandise in stores, exorbitant prices, the carefully planned youth groups and lack of freedom of speech, press, thought and education.

"God is replaced by Lenin," said Dr. Spitzer. "Churches are now being used for museums in the Soviet Union."

"AMERICA needs a sales force of 180,000,000 Americanism salesmen who will sell America to its citizens, in order to have freedom win over communism and slavery," Dr. Spitzer continued. "America has the product, but it isn't being sold. Too many of us are free to criticize, but slow to help."

He urged active participation in church, school, community, political and government affairs.

Dr. Spitzer's address, which was open to the public, followed the annual FFA father-son banquet.

DANNY Mikelson, president of the FFA, was master of ceremonies at the Jack Harmon chicken dinner, which was served by FFA girls, under the direction of Mrs. Doris Schlumpf, home economics instructor. Ronny Hurlbut, recording secretary, introduced the fathers and guests at the banquet.

A special award as "Honorary Advisor of Future Farmers of America" was presented to Superintendent Gordon Heuer. General chairman of the program entertainment was O. R. Hanson, FFA adviser and agriculture instructor at Durand High.

Let's talk about the DIFFERENCE in fuel oils

MIDLAND INFRA-HEAT FUEL OIL with CAL-RAD looks like most other fuel oils. But it's the differences you can't see, as a result of the refining and blending processes, that can cost you money and heating comfort. Many fuel oils contain additives. They, too, are different. Cal-Rad in Midland INFRA-HEAT is a tested and proved additive that overcomes the moisture and sludge problems inherent with heating oils.

With ordinary fuel oil in your tank, moisture can cause damaging rust and sludge formation. Let's see what this means.

The opening in your oil burner's nozzle is smaller than the period ending this sentence. That tiny hole must stay open and clean for efficient fuel atomization and combustion.

Cal-Rad in Midland INFRA-HEAT absorbs and disperses moisture, prevents rust and sludge. The moisture burns with the fuel. Your burner nozzle stays clean, inside and out. No smoke, soot, fuel waste or lost heat. Uniform fuel atomization like this gives you clean-burning, economical heating comfort.

Here a tiny particle of rust or sludge is lodged near that small opening. Deflected fuel drips away unburned. Faulty burning makes soot and smoke. Finally the opening is plugged. Fuel is wasted, heat is lost. A service call results.

When you are tempted to say, "oh, all fuel oils are alike" ... think about these two pictures. Remember the importance of these differences in fuel oils.

For the finest money saving, clean, home heating fuel, call the Midland cooperative. Only Midland has the "Comfort Assurance Plan" featuring both Budget Pay and Keep-Fill services and only Midland has petroleum products that are Midland controlled ... from the oil well to you.

Through your purchases you can become a stockholder in the Midland cooperative.

## 261 Farmers Sign Up in Buffalo County

ALMA, Wis.—As of Feb. 21, 261 farms in Buffalo County had signed up for participation in the 1963 feed grain program, James A. Hill, chairman of the Agricultural Stabilization and Conservation county committee, announced.

County farms eligible to be included in the program total 1,546. "Eligible" farms are those which grow one or more of the three feed grains—corn, grain sorghum, or barley—during the program's base years 1959 and 1960.

Feed grain acreage signed up for diversion through the program now totals 4,771.2 acres, including 4,757.8 acres of corn and 13.4 acres of barley. Feed grain base acreages of these participating farms amount to 11,377 acres.

Based upon farmer's intentions, as recorded at the ASCS county office, these producers will earn an estimated \$134,568.94 for participating in the feed grain program this year.

Under the program, a grower who reduced his feed grain acreage (of corn, grain sorghum, or barley) by at least 20 percent of his farm's total base acreage (1959-60 average) will earn a diversion payment for shifting the acreage from production to a conservation use, and a price-support payment—on the normal production of the 1963 feed grain planted acreage.

He also will qualify for regular price-support loans and purchase agreements on all the corn, grain sorghum, and barley produced on the farm's 1963 planted acreage. The sign-up period extends through March 22, 1963.

## Mobile X-Ray Coming to Alma

ALMA, Wis. (Special)—The mobile X-ray unit of the State Board of Health completed tests at Waumandee this morning and Monday afternoon will open its 3-day stop at the REA building here.

The schedule here will be 3-5 and 7-9 p.m. Monday and from 9 a.m. to noon and 2-5 p.m. Tuesday and Wednesday.

The unit will be at the community building in Nelson Thursday from 9 a.m. to noon and 2-5 p.m.

Two dates are scheduled for Gilmanston. The unit will be at the town hall March 1 from 9 a.m. to noon and March 4 from 2-5 p.m.

Pre-registration forms may be secured at the following places: Alma—Dr. M. O. Bachhuber's office, American Bank, Brockway Drug, grocery stores, Tel and Cream stores; Nelson—grocery stores and American bank; Maxwell—Gifford's store; One tree, Gilmanston—bank, Martha's Grocery and locker plant; Lookout—O. K. Lee's store, and Dover, Chris Alteman's store.

Registration forms will save time, but persons are urged not to stay away if they lose or misplace them. There's no undressing for the chest X-ray, but clothes should not have front zippers or jewelry. Clothes with sleeves easily rolled up are ideal for hypertension screening. A finger prick is all that's necessary for the diabetic test.

The unit X-rayed 505 people at Fountain City this week and gave 143 X-rays the first afternoon it was in Cochrane.

## Farmers Park Board Renames Officer Slate

LEWISTON, Minn.—Officers of the Farmers Community Park Board were re-elected at the annual meeting last week.

William M. Harcl, Winona, was re-elected chairman; Mrs. Leon Henderson, Houston, R. L. vice chairman; Donald McLeod, Lewiston, treasurer; and Oliver Strand, Lewiston, secretary.

The park is located at the Archers near here and is operated and maintained by funds provided by the county.

Other park board members present at the meeting were: Charles Radatz, Lewiston; Mrs. Martin Bakken, Chatfield; Elmer Wirt, Lewiston; and Mrs. Cullen Pierce, Utica. Mrs. John Bain, Utica, is a newly elected board member.

Groups wishing to reserve park shelters and facilities should apply at the county extension office here. Last year, more than 8,000 people used the park facilities on a scheduled basis and at least that many more used the park for family picnics and other gatherings.

The hiring and supervision of a park caretaker, repairs and maintenance of the park are duties of the park board.

## Lanesboro Entry Wins Hog Show

PRESTON, Minn.—Kurt Kiehne, Lanesboro, won the live show portion of the Fillmore County hog show held at the fairgrounds here Monday.

Following Kiehne was another Lanesboro resident Michael Shanahan. Darrell Ray, Preston, was third. Robert Michel, Harmony, fourth. Henry Holman, Lanesboro, fifth. Robert Bagts, Harmony, sixth and Emery Eickhoff, Fountain, seventh.

The carcass portion of the show was held at Austin Wednesday. A total of \$62.50 in prize money was divided among the seven men.

## 4 Buffalo County Youths to Attend State Convention

ALMA, Wis.—Four Buffalo County boys have been awarded expense-paid trips to the Wisconsin Holstein Breeders Association meeting at Eau Claire Monday and Tuesday.

They are Lynn Johnson, Le Roy Fernholz, Ronald Molland and Daniel Mikelson. Vernon Fernholz is alternate.

They received the award which is made annually to youth who have been active in dairy cattle projects in Buffalo County. The award is given by the Buffalo County association to those selected by the board of directors.

## Preston Farmer Sweeps in DHIA

PRESTON, Minn.—Alfred Johnson & Son, Preston, Unit 2, had Fillmore County's top herd and top cow in the January DHIA reports.

His 37 Holsteins averaged 34.9 pounds of butterfat. Not only did he have the top cow in the county, he had the top four cows in the county. The top one produced 121 pounds of butterfat during the month.

Top dairy herds in the other four units in terms of average butterfat were: Winton A. Glue, Preston, Unit 1, 42.6 pounds; Perlum Groeters, Lime Springs, Iowa, Unit 3, 48.9; W. H. Chamberlain, Racine, Unit 4, 49.8; and Homer Ballinger, Unit 5, 48.9.

## Eitzen Man Wins Hog Show In Houston Co.

CALEDONIA, Minn.—Individual winner at the Houston County meat-type hog show was Joseph Deters, Eitzen.

The hog show was held at the show pavilion at the county fairgrounds here Tuesday. In addition to the individual class there were classes for light and heavy weight pens of hogs.

Others in the individual classes in order of their placement were: Robert Deters, Eitzen; Arnold Wiste, Spring Grove; Merrill Deters, Caledonia; and Thomas A. Twesten, Spring Grove.

Winner in the lightweight pen class was Joseph Deters. Following him were Robert Deters, second; Martin Deters, Spring Grove, third; Martin Deters, Caledonia, fourth; and Dean Schulte-meier, Spring Grove, fifth.

In the heavy weight class, the winner was Ronald Myhre, Caledonia, followed by Mrs. Alfred Abee, Caledonia; S. W. Deters, Eitzen; Wilbert Burmeister, Caledonia; and Lyle Morey, Spring Grove.

Judging in the carcass division was held at Austin Thursday and results will not be available until later. Prizes totaling \$125 were awarded in the show.

## 25-Year Award Presented in Root River SWCD

CALEDONIA, Minn.—An award for 25 years of service was presented to Edward A. Albrecht, Mound Prairie Township, at the 12th annual banquet of the Root River Soil and Water Conservation District.

Albrecht was instrumental in the formation of the district. It was formed in the spring of 1938 after resolutions were passed in 1937. He was first chairman of the district.

One conservation award for 1962 was presented to Mr. and Mrs. Glen Meiners, Nayville Township, another to Mr. and Mrs. Paul Solum, Spring Grove Township.

"The many changes in agriculture have created some problems for the youth on the farm," said Duane Wilson, St. Paul, state commissioner of agriculture, guest speaker.

"Agri-business is offering many positions for persons who want to work with farming off the farm. This may include research, marketing, conservation, services and other related occupations," he said.

Francis Brady, president of the Caledonia Commercial Club, and Clarence Eikens, member of the district board, spoke on progress through soil and water conservation and cooperation between businessmen and farmers.

Thomas Twesten, Caledonia Rockets 4-H Club, and Richard Davy, Brownsville Buzz Bees 4-H Club, gave talks on conservation.

Arnold Onstad, president of the district supervisors and member of the district board, was toastmaster.

# Tuff's Racer Cracks Up In Daytona Beach Trial

DAYTONA BEACH, Fla. (AP)—Southern Minnesota's lone entry at the Daytona Beach International Speedway has been put out of action due to an accident.

The hopes of Ernie Tuff of Rushford, Minn., were abruptly dashed Thursday when his modified 1953 Studebaker was involved in a smash-up in a test run for the 250-mile modified stock car championship to be held Saturday.

The modified racer was wrecked on the first turn during a qualifying run Thursday. The driver, veteran Larry Flynn of Holly Hill, Fla., was taken to the hospital with multiple bruises and cuts, but his condition was not believed to be serious.

Flynn was on his second qualifying lap when the car flipped over on the 31-degree banked first turn and somersaulted end over end to the

track apron.

He had clocked at 154.181 m.p.h. on his first lap, well above the cutoff for qualifiers.

Tuff said that the No. 99 modified could not be repaired in time for the \$25,500 race.

Tuff and partner Cy Johnson of Winona left Daytona today.

The Studebaker had lived up to all expectations and appeared to be a strong contender for top honors.

# State Host to St. Cloud; Redmen to Travel Saturday

By BOB JUNGHANS  
Daily News Sports Writer

Both Winona colleges roll into cage action Saturday night in hope of stretching winning streaks.

Winona State has the tougher chore when it attempts to stop St. Cloud's high-scoring quintet at Memorial Hall. St. Mary's is at St. John's at Collegeville.

The Huskies are still nursing hopes of winning a share of the NSCC title, although they trail Michigan Tech by one game.

"We'll try to get the job done that we didn't quite finish against Michigan Tech," said Winona State Coach Bob Campbell. The Warriors dropped a 56-55 decision to Tech last weekend.

Campbell plans to start the lineup that has seen the Warriors make a fine late season surge.

Although they have won only three of their last six games, three they lost were by a total of four points.

**WINONA'S STARTING five** will consist of Gary Peterson and Arlin Klinder at guards, Dick and Lyle Papenfuss at forwards, and Chuck Weisbrod at center.

Weisbrod's playing status was not certain Friday. He turned a sprained ankle which has bothered him all season.

St. Cloud sports the leading scorer in the NSCC conference in Jack Harrison, a 6-7 junior forward. He is averaging 18.3 points per game.

**WINONA'S LEADING scorer** in conference play is Lyle Papenfuss, who is currently ranked eighth. He has scored 136 points in nine games for a 15.1 average.

Other Huskies that the Staters have to be wary of are Brad Johnson, 6-7 junior forward; Jack Haddorff, 5-9 senior guard, and Ron Craig, 5-9 junior guard.

Johnson is ranked ninth in scoring with 121 points in nine games. Although the Warriors have managed only a 8-14 record for the season, their play in recent games has given fans something to cheer about. This is their next to last game of the season. In an earlier meeting St. Cloud downed Winona 75-63.

**ST. MARY'S** will travel to Collegeville, to battle St. John's. Earlier this season the Redmen thumped the Johnnies 79-51 despite an off-night by Al Williams.

Williams is the Redmen's leading scorer with 347 points in 23 games for a 15.1 average.

In the first meeting Tom Hall and Jim Rogers took up the slack with 19 and 16 points, respectively.

Coach Ken Wilgen's crew will be faced with the chore of stopping Craig Muehres. Muehres bagged 24 points in the teams' first encounter.

**WILLIAMS** and Jim Clarkin will start in the back court for the Redmen, Mike Stallings, Hall and Rogers will be in the front line.

St. Mary's holds a 13-10 season record, but only three of those wins have been on the road.

In its last outing, St. Mary's dumped St. Thomas 66-54, and with only two games left after Saturday night, the Redmen could end the season with a four-game winning streak.

Seven pitchers have won the Babe Ruth Award since the New York Baseball Writers Association first honored a World Series hero 14 years ago. The pitchers are Joe Page, Johnny Podres, Don Larsen, Lew Burdette, Larry Sherry, Whitey Ford and Ralph Terry.

## ROSEAU, JOHNSON SEXTETS ADVANCE

# International Falls vs. Tough Murray in Semis

**ST. PAUL (AP)**—A big, strong St. Paul Murray team awaits its bid to thwart International Falls' try for a second straight Minnesota high school hockey title tonight.

Murray shouldered aside Warroad 5-1 while the Broncos had to go into overtime to sneak by Alexander Ramsey 6-5 in first round games Thursday.

In the other semifinal tonight, 1962 runnerup Roseau will tangle with St. Paul Johnson, setting up the possibility of an all-St. Paul championship Saturday night.

Roseau beat Richfield 2-1 in the opening game and Johnson got by Minneapolis Roosevelt 3-2 on a goal allowed only after a conference of officials.

Sophomore Pete Fichuk put International Falls into the semifinals with the winning goal 5:17 deep into the sudden death overtime. Ramsey had tied the game with only 10 seconds to play on a

goal by Jack Thoenike who skated in alone with a stolen puck.

**Ramsey, led by the brilliant** Bob Boysen, shot ahead 4-1 before the Broncos pulled themselves together behind all-star Jim Amidon and talented Les Eklund. Amidon's third goal made it 5-4 with less than two minutes to play and would have won it except for Thoenike's steal.

Murray's Jim Nyland collected three goals and Bill Carroll got the other two as they overwhelmed young and undermanned Warroad, which came into the tournament with only two seniors in the lineup. Alan Kostynski tallied for Warroad after Murray built a 4-0 lead.

Johnson's Bill Metzger was credited with the winning goal, with only 32 seconds left in the game when Roosevelt goalie John Bjeldanes failed to clear or cover the puck. But Roosevelt coach Bob Johnson and a fearful Bjeldanes contended later the puck was dead under the goalie's glove and should have gone to a face-off.

**Dick Anderson's clutch** third period goal kept Roseau in the tournament and waiting for another shot at the Broncos. Anderson took a pass from freshman Bryan Grand and slipped through the Richfield defense to rifle the puck into the upper corner of the net with four minutes to play.

Roseau stood off a Richfield rush in the final 30 seconds as the Rams were a man short on a penalty.

Today's afternoon consolation games matched Richfield against Roosevelt and Ramsey against Warroad.

Two attendance marks were broken Thursday. The afternoon crowd of 8,367 was the largest ever, and the two-session total of 16,527 broke last year's record.

**Knights Triumph To Win CRC Crown**

The Knights engineered a last quarter drive to carry them past the Saints by a 36-28 margin and win the Catholic Recreational Center Intramural basketball crown Thursday.

Mike and Steve Erdmanzyk used their height advantage to score 14 and 8 points, respectively, for the winners. Ken Lukaszewski topped the losers with 12 points.

In addition to the Erdmanzyks, the winning team included Tim Browne, Dan Pomeroy, Mike Hoepner, Steve Papinski and John Leaf.

# Upsets Keep Cotter Wary In Tourney

By AUGIE KARCHER  
Daily News Sports Editor

John Nett believes in playing basketball games "one at a time" so right now he is not unduly concerned with the fact that the winner of the Region Six Catholic tourney will run smack into St. Louis Park Benilde in the first round of the Minnesota State Catholic tournament next week.

Benilde won a state meet berth in a one-game playoff Thursday night, beating De La Salle of Minneapolis. De La Salle gets a second chance to gain the state by meeting the Region Three loser in a Saturday playoff to determine the Region One entry.

**NETT'S COTTER Ramblers** are the odds-on favorite in Region Six which opens tonight at Plainview with two quarterfinal games.

Wabasha St. Felix meets Hokah St. Peter at 7 p.m., and Caledonia Loretto opposes Rollingstone Holy Trinity at 8:30 p.m.

The Ramblers, 16-4 for the regular season, play the Loretto-Trinity winner at 8:30 p.m. while Rochester Lourdes takes on the St. Felix St. Peter victor at 7 p.m. Saturday.

Nett is cognizant of the role Dame Fortune plays in the tourney. Already Austin Pacelli is out of it, by being upset by Owatonna Marian in Region Five.

"It makes you wonder," said Nett, who agreed the Pacelli defeat might keep his Ramblers even more alert.

**THE RAMBLERS have drilled** hard this week, and Nett termed the workouts only "fair."

Sam Czaplowski, leading Cotter scorer, missed a half day of school Thursday, but was on hand for practice in the late afternoon.

"No, I wasn't too surprised that Benilde beat De La Salle," said Nett. "I felt Benilde was the better club and shouldn't have lost to De La Salle during the season."

Cotter dropped a one-sided 61-50 decision to Benilde here this season and is ranked No. 5 in the state. Benilde is No. 3 with a 15-2 mark prior to Thursday. De La Salle (13-1) was No. 2 behind top-ranked St. John's Preps (17-0).

**LOURDES, whom Cotter has** beaten twice, is favored to win Saturday which, if the chart holds true, would pit them in a third meeting. The championship final is at 3:30 p.m. Sunday.

Lourdes sports an 11-8 overall mark and Coach Gene Blewen isn't taking this semifinal too lightly. He looks for it to be St. Felix and adds, "We know one thing for sure: St. Felix is almost certain to throw a zone defense at us."

Blewen hinted of new offensive patterns which he hopes he can keep under wraps, though the Eagles have lost 52-46 in one of two meetings which Duke Loretz Yellowjackets. Lourdes is ranked No. 10 in the state poll.

# 'Up to Us,' Says Kundla Of Minnesota

**MINNEAPOLIS (AP)**—"It's squarely on the line and up to us now," Coach John Kundla of the Minnesota Gophers said Friday in viewing the windup of the torrid Big Ten basketball race.

The Gophers play at Northwestern Saturday night, then return here for three straight home encounters — with Indiana next Saturday and with Ohio State March 4.

What Kundla meant was that the Gophers have a golden opportunity to win the conference championship and an NCAA tournament berth—**IF**.

None of the other top contenders have as favorable a schedule for the stretch drive as Minnesota.

The Gophers trail Illinois and Ohio State, both 7-2, by half a game at 7-3.

By winning their final four contests, the Gophers would at least tie for the Big Ten championship and under conference agreement would become the league's representative in the NCAA meet because they have never competed in it. Both Illinois and Ohio State have gone recently.

Northwestern is mired in eighth place in the Big Ten with a 3-6 record. But anybody is dangerous at home, and Kundla is well aware of it.

# Rollins Inks Twins Pact

**ORLANDO, Fla. (AP)**—Newlywed Rich Rollins came to terms with the Minnesota Twins Thursday for a reported \$14,000, twice the pay he collected last year as the Twins' leading hitter.

Rollins started workouts with the Twins' pitchers and a few other early starters, leaving only three regulars unsigned. They are pitcher Joe Bonkowski, second baseman Bernie Allen and outfielder Lenny Green.

Rollins hit 16 homers, drove in 96 runs and hit .298 last year.

## TANGLE TONIGHT

# Hawks Block Winger Path

Winona's Winhawks can't finish any lower than fifth place in the final Big Nine Conference standings, but in order to avoid standing third with Faribault, they will need a win tonight at Red Wing.

That's little incentive compared to what the Wingers have at stake. The league championship can be theirs with a triumph — and it will be a clear tie should Rochester bump off invading Austin.

**RED WING** stands 8-1, Austin 8-1 and Rochester 7-2.

The Winhawks are 4-5 and Faribault, which travels to Owatonna, is 3-6. A Falcon win and Winona loss would let them deadlock for fifth — and the dubious honor of leading the "second division."

John Kenney, Hawk coach, will go with his same starting five which means Wulf Krause, Big Nine leading scorer, will have a chance to go after the individual scoring title.

But Kenney will play Krause only in a manner which will best benefit the team as a whole. "I don't want anybody going for records," he said recently, when he was asked the school individual mark for one game. That was after his hot-handed forward had scored 34 points against Albert Lea. "I don't even want to know what the record is," he declared.

**KRAUSE** is by no means a "gunner." He has and will pass off when a mate has a better shot. So does John Prigge who has hit 27 points on one occasion this year.

Winona, 8-7 for the season, lost to Red Wing here 56-35 on Dec. 7, the lowest point production of the Hawk season. It was after that the Winhawks began to find themselves.

Red Wing dropped successive games to Stillwater and Osseo before beating Northfield Tuesday 61-40. Continual defensive pressure and conversion of Raider errors

contributed to that win.

Of 26 Winger field goals against Northfield, 16 came on layups.

**WINONA'S sophomores, beaten** by La Crosse Central Tuesday, their first loss in 16 games, try for a perfect 10-0 Big Nine record in tonight's preliminary game. The Hawks have clinched a tie for the sophomore crown.

After tonight, Kenney will elevate three of Coach Red Lee's yearlings to the varsity. He has held to his word.

"I told them I would not break them up until they lost a game, no matter how much help we needed on the varsity," said Kenney.

Next Friday's date with powerful Minneapolis North will be Winona's last test before meeting Rochester in the District Three meet March 5.

# Durand Clinches Share of Crown

**GILMANTON, Wis.**—Durand clinched a share of the title in the Western Wisconsin Conference last week by defeating Mondovi 75-65 in overtime.

The score was tied at 63-63 at the end of regulation play. Bob Grochowski and Jim Wayne paced Durand with 14 points. Jim Urness bagged 21 points to lead Mondovi.

In other action Gilmanton downed Alma 77-70 behind a 21-point barrage by John Flury. Dick Laehn and Gregg Green netted 14 each for Alma.

Arkansas handed Eau Claire its ninth straight setback 81-71. Jerry Harmon scored 26 points and Bob Walker 21 for the winners. Jim Lechner topped all scorers with 31 points for Eau Claire. Chet Lein added 26.

berths in the State meet at Mankato next weekend.

Winona will be represented by two wrestlers, Pete Woodworth, District Three 154-pound champion, and Lenny Dienger, district 120-pound runnerup.

Lake City has a trio of hopefuls in the competition. Rich Klindworth won the district 138 pound class and Bruce Wohlers, 133, and Paul Schmauss, 103, earned second.

Faribault, Rochester, Owatonna, Albert Lea and Northfield are other Big Nine schools in the Lake City regional.

District Four, a 12-team district, carries much of the power since it is permitted three entries in each weight class.

Harmony, District Three champion, will have nine entries as will Rochester. Kasson-Mantorville has six.

Faribault is the Big Nine rival champion.

Opening matches Saturday are at 1 p.m. with the evening matches to start at 7 p.m.

## 2 Major Turf Classics Set For Saturday

By THE ASSOCIATED PRESS

The 1963 100-grand season on the American turf continues Saturday with the renewals of two major handicaps—the Santa Anita at Santa Anita Park and the Widener at Hialeah.

Between the two, each at 1 1/4 miles, most of the top older horses will be in action. Crispin Salas, once again in the hard-hitting form that took him to the 1961 2-year-old title, heads a field of 15 in the \$145,000-guaranteed Santa Anita race. Kelso, Horse of the Year the last three years, tops a probable field of 10 in the Widener, which carries an added value of \$100,000.

Crispin Salas will carry top weight of 125 pounds at Santa Anita. Top contenders include Crozier assigned 122. Decidedly, who last week won his first race since the 1962 Kentucky Derby. Olden Times, Physician, surprise winner of the rich race last year, and The Axe II, winner in last Saturday's San Luis Rey Cap.

Decidedly picks up 113 pounds, Physician 120, six more than he packed in the Santa Anita Cap in 1962, and Olden Times 121. Sensitivo, Aero II, Aldershot, Mr. Consistency, Bounding Main, Drill Site, Game, Mandate, and Pirate Cove round out the field.

The winner is guaranteed \$100,000 with \$20,000 to second, \$15,000 to third and \$10,000 to the fourth horse.

Kelso is a stickout in the Widener field, especially with Riden not among the starters. Retirement of Riden to stud was announced Thursday.

The Bohemia Stable's 6-year-old gelding is assigned 131 pounds and gives as much as 21 to his rivals. His only serious contention likely will come from the Hobau Farm's Beau Purple, a swift runner making his first start of the year, and packing 125 pounds.

Beau Purple, benefiting by a pull in weights, twice whipped Kelso last year.

## Michigan Tech Faces Moorhead

By THE ASSOCIATED PRESS

Michigan Tech opens a two-game visit to Minnesota tonight at Moorhead to head a light college basketball slate.

Tech is at Benidji Saturday and St. Cloud at Winona in other Northern States Conference games. Other games tonight have St. Olaf at Grinnell and Carleton at Cornell of Iowa.

Augsburg scored almost at will Thursday night, downing River Falls, Wis., 94-56. Dan Anderson had 22 for the Augs and Don Kopnick 24 for River Falls.

The Augies play at Hamline Saturday afternoon as the MIAC season nears an end. Other Saturday games have Macalester at St. Thomas, St. Mary's at St. John's and Gustavus at Concordia.

In another Thursday game, Bethel whipped Northwestern 96-65.

## Buffalo Dinner Honors Cagers

By THE ASSOCIATED PRESS

About 200 persons attended a buffalo dinner at the Red Men Club Thursday evening. The tribe's basketball team in the Bantam League of the Park-Recreation Department was feasted together with their coach, William Hargreaves.

Mayor R. K. Killings was master of ceremonies.

Following the dinner entertainment was furnished by the Red Men Flunners from Red Wing, Minn., doing songs in pantomime.

A moose dinner is being planned for Thursday, March 21.

## Gopher, Sioux Sextets to Vie

GRAND FORKS, N.D. (AP)—Tonight's renewal of the Minnesota-North Dakota college hockey rivalry has an unmovable object-irreversible force angle.

The Gophers, gunning for a possible title in the Western College Hockey Association, bring in the league's leading scorer in Lou Nanne. The Nodaks will counter with Joe Tech, the best goalie in the conference.

Nanne has fired home eight goals and assisted 16 times while sophomore Tech has allowed an average of only 2.6 goals in 12 WCHA games.

KUNDLA SPEAKER  
MADISON, (AP)—Mike Walden, Milwaukee sports-caster, will be the master of ceremonies, and Minnesota coach John Kundla will be the guest speaker for the annual University of Wisconsin basketball banquet March 11.

# Bakken Girls Rack 1,008 For 4th High

Bakken Construction Co. tallied the fourth highest women's single game of the season Thursday night as it clobbered 1,008-2,647 in the Power Puff League at Hal-Rod Lanes.

Jean Selke rolled 195 for Hal Leonard Music, and Marjorie Moravec collected a 544 series for Winona Insurance. Joan Wiczek nailed 517.

On the men's side of the bowling, there were three 600 series.

Willard Critchfield clouted 219-633 for Gausch Cash Register in the Classic League at the Westgate Bowl to top all men keggers. Dick Niemeyer sizzled 222-603 for Rupert's Grocery in the same loop.

The other honor count was registered in the Eagles League at Hal-Rod Lanes. Roy Beaman tacked a 601 for Schlitz Beer. Roy Hazelton dumped 235 to lead Warner & Swasey to 1,024. Marko Bar hit 2,979.

RED MEN LANES: Class A—Sai Theis tumbled 204-555 for Winona Milk Co. Winona Boxcraft registered 952, and Dunn's Blacktop tumbled 2,751.

Red Men Ladies—Ethel Knopik dumped 188-504 for Schmids Beer. Coca Cola tagged 891-2,546.

WINONA AC: Ladies—Helen Selke cracked 191, and Donna Langowski 502 to place Hot Fish Shop to 867-2,495.

Majorie—Bita Tropicke tipped 172-460 for Super Saver. Jerry's notched 883, and Square Deal copied series honors with 2,487.

WESTGATE BOWL: Keglerette Ladies—Joyce Northrup and Arlene Cisevsky rapped identical 181's for Sammy's Pizza and Vatter Motor, respectively. Leona Lubinski belted 503 for Lawrence Furniture. Sammy's Pizza pegged 904 and Williams Annex 2,634.

Pin Drops—Phyllis O'Reilly pegged 539's 930 with her 196. Bernice Hickey hit 479 for O'Brien's. Kelly's tumbled 2,514.

CLASS A: Men's—Bill Hajicek laced 219-570 for Boxers. Boss's walloped 1,025, and Golden Tiger tripped 2,793.

# Russell Stars As Celtics Tip San Francisco

By THE ASSOCIATED PRESS

Bill Russell's always a knockout in San Francisco, and so are the Boston Celtics, who relentlessly are moving toward their seventh straight Eastern Division title in the National Basketball Association.

Russell, the 6-foot-10 All-American center of the University of San Francisco's marvelous Dons in the mid-50s, went back to his old hometown Thursday night. This time he was a knockout, both literally and figuratively.

The man with the goatee scored 23 points and grabbed 33 rebounds. He also spent 41 minutes unconscious on the floor after being toppled over on his head after a collision with the San Francisco Warriors' Willie Naulls in the fourth period of Boston's 135-118 victory.

The game was one of three in the NBA Thursday night. The Chicago Zephyrs ended a losing string at eight games, beating the Syracuse Stars 108-91, while Cincinnati turned back New York 115-96.

# Macalester Wins MIAC Hockey Title

ST. PAUL (AP)—Macalester won its second straight MIAC hockey title Thursday, downing Concordia 12-1. The Macs wound up with a 12-2 season record.

Macalester's second straight MIAC title was won Thursday night, as the team defeated Concordia 12-1 in a game that was a defensive struggle for much of the first half.

# A FRANCHISE WITH A FUTURE!

There's opportunity for you now in an exclusive farm equipment franchise for either the Lewistown area, the Rushford area or the Caledonia area... opportunity for a substantial profit on your investment right away and for much more as you, and the product line you'll handle, advance and grow.

You'll be representing a major, full line company that manufactures the most advanced farm equipment on the market today. The many satisfied owners of this equipment in these areas will provide your dealership with a ready-made market for quality service work and parts business.

If you are experienced in sound management or merchandising, if you have the ability to handle a business volume which will afford you a better than comfortable income annually, if you know farming and farm equipment, light to medium industrial equipment, you may be the man to take advantage of this opportunity.

For an investment of 5%, you'll have available financing facilities for new equipment inventory. Facilities for financing merchandise sold at retail are also available.

You'll have plenty of assistance, too, in developing your management and merchandising programs. A field staff of competent, well trained people is available to assist you in all phases of the business... to help you increase sales.

If you qualify as the businessman we're looking for, and if you're interested in making a sound and profitable investment, this is an opportunity you should investigate now.

Get full particulars and confidential treatment of your inquiry, by writing:  
E-92 Daily News.
